Produktbeschreibung

Brazilian women's panties Louren B-1195/2 are a combination of lightness, sensuality, and modern elegance. The model from the Kinga collection has been designed to subtly emphasize feminine shapes while providing comfort throughout the day. Smooth finishes make the lingerie invisible under clothing, and the cotton crotch guarantees comfort and hygiene every day. The semi-circular cutout at the back adds lightness and accentuates the silhouette, while the transparent back with a geometric application is a modern, eye-catching accent. The Louren B-1195/2 panties perfectly complement the bra from the same collection, creating an elegant and cohesive set. It is the perfect choice for women looking for lingerie that combines aesthetics, functionality, and comfort in a stylish edition.
